

ROLL ● CAN

SCAN ME
N U S S B A U M ● We Can

Explore the advantages of Nussbaum's aluminium Roll Can - a sustainable alternative to common glass or plastic containers. This small and lightweight can easily fits in any hand or travel bag. It prevents from damage in the bathroom in case of tumble and is unbreakable. The aluminium Roll Can contains 50% more product than a glass container in the same format and is 75% lighter, making it an economical package with unbeatable carbon footprint.

Make your brand stand out on the shelf thanks to the identical appearance of your various products, packed in ecological aluminium cans. Thanks to the direct can printing, there are no additional costs for decoration or labeling.
