

# SHAKER ● CAN

SCAN ME  
N U S S B A U M ● We Can

The Shaker Can is the perfect and sustainable can for free-flowing products. It can be simply and precisely dosaged and may be refilled and reused. It is recyclable and is delivered including suitable snap caps on request. All lacquers and inks are food-grade and BPA non-intent, making the can the ideal packaging for spices and herbs. The Shaker Can is diverse in its uses and therefore an excellent choice as well for other dry products for food and cosmetic applications.

#### Raw Material

High-quality aluminium or recycled aluminium on request

#### Markets

Food, Personal Care

#### Internal lacquer

Polyester based BPA non-intent lacquer systems, other coatings on request; compatibility tests recommended

#### Outer lacquers and printing

White or colourless basecoat; up to 6-colour print; glossy, semi-matt or matt over lacquer

#### Features

functional, light, unbreakable, robust, economical, lightproof, refillable, comfortable application, recyclable, sustainable, stainless

#### Aluminium Facts

energy-efficient and resource-conserving, 100% and indefinitely recyclable - around 75% of the aluminium ever produced is still in use -, availability nearly unlimited, lighter than steel & much lighter than glass
